

Professional Dinner Meeting :

Tuesday December 9, 2008

HOLIDAY PARTY

Hosted by APICS Northern and Western Chapters

At the Hanover Manor

Come hear Joe Moffa talk about humor in the workplace!

Joe Moffa is a blue-collar native New York guy. His straight-talking, unique style of comedy is both direct and to the point. Not only will he leave you laughing...it will also make you think. Laying out a no-nonsense "Hey, you know what I think?" style of delivery, is what his stand up comedy is all about.

Joe Moffa is a truly entertaining personality. As a stand-up comic, he has become a club favorite, entertaining audiences nationally and appearing regularly in casino venues in Las Vegas and Atlantic City. After landing small parts in Brian De Palma's film "Carlito's Way" starring Al Pacina and Sean Penn and "Stardom" starring Dan Akroyd and Frank Langella, Joe caught the eye of credited Director Sidney Lumett and was cast in the role of Officer Santos in the TV series "100 Centre Street."

Joe has also been cast in the hit TV show "Law & Order: SVU" and was featured on the FOX Cartoon Network in the role of Officer Gansley in "The Teenaged Mutant Ninja Turtles" TV Series. He is currently the voice and cartoon character likeness of Game Face, the NFL's New York JETS football team cartoon mascot, and has been featured in National TV/Print Ad commercials for the Avacor Corporation and "Naked Chef" Jamie Oliver. As an entertainer, Joe prides himself on being more of a personality who enjoys entertaining, and that's exactly what he'll bring to the table...

Congress for Progress 34 April 15, 16, 17, 2009

Sheraton Society Hill Hotel, Philadelphia, PA

www.cp-apics.org

SUPPLY CHAIN EDUCATION YOU CAN COUNT ON FROM THE LONGEST RUNNING REGIONAL CONFERENCE IN APICS

Strategically, **Congress for Progress is focused on the customer goal that CP is a resource to “Solve your companies key supply chain problems”**. The product that we provide to achieve this goal is a comfortable and professional atmosphere that allows us to showcase specific, targeted, workshops to give a customer team the needed skills to solve these key problems. And the value that is provided by these workshops allows the attendees to take these solutions back to their organizations and immediately integrate them into their day-to-day operations environment.

Congress for Progress Inc. is a non-profit corporation that produces the annual Congress for Progress Mid Atlantic Symposium. It is staffed by volunteers ([the committee](#)) who plan, do most of the background legwork, and deliver this professional symposium every April. It has been in continuous operation for 34 years.

34 years ago was 1976, the year of the bicentennial celebration of the birth of the United States. The first CP (Congress for Progress) was held in Philadelphia, just as was the Continental Congress in 1776 that declared our independence. Its purpose was then, and is now, to bring together some of the best instructors APICS has to offer to teach the latest methods to improve your bottom line. And that's where the "Progress" came from. If you look at the CP eagle and bell logo, you will notice the Liberty Bell, the American Eagle, and the star border. They are all symbols of that first symposium in Philadelphia way back in 1976.

CP is affiliated with APICS. As a matter of fact, CP is supported by the Mid Atlantic District chapters of APICS. The committee is composed of APICS chapter members. The flight leaders, many of the instructors, and all the volunteers who help out during the symposium are APICS Chapter members.

If you have any additional questions concerning Congress for Progress or its mission, please contact Randi Klein Greenberg, CP Conference Chair at cpchair@cp-apics.org.

Do you have Education and Training needs?

If so, Central Jersey APICS can help!!!!!!

We have access to the best and the most talented trainers and instructors in the North East. At you facility, APICS can offer the standard CPIM training classes and if necessary, we can customize the training and or classes to fit you specific requirements. If on the other hand you find your looking for Lean and or Continuous Improvement training, Central Jersey APICS can also meet your requirements.

As a not-for-profit and fully volunteer organization, one of our objectives is to assist and support our members in their job search / career development as well as partner with our local employers to identify quality employees with specific expertise. While we are not in the business of placing people in jobs, we can offer some unique and powerful tools to support these initiatives.

FOR MEMBERS:

A monthly posting on our webpage of open positions within our area.

Monthly Professional Development Meetings to network with members from various companies and industries.

Numerous 'soft-skill' topics throughout the year to enhance interpersonal and presentation skills.

A Board of Directors who have contact with 3 or 4 other **APICS** chapters for additional contacts and employers.

FOR EMPLOYERS:

Free posting of current job openings on our webpage as well as with other local **APICS** chapters.

Opportunity to highlight your firm in our newsletter and webpage at no cost.

Access to numerous local consultants in many disciplines including Training, Lean, Software, Logistics, etc.

There were 6 active job openings posted on our webpage at press time...
